## Exercise BIG BIRD

### How would you go about planning to lead a multi agency recovery operation after a Major Incident?

The Civil Contingencies Unit, on behalf of the Staffordshire Resilience Forum, has developed an exercise, known

as Exercise BIG BIRD, to help you tackle just this kind of challenge.

Exercise BIG BIRD is aimed at strategic leaders – Chief Executives and Principal Officers – of Staffordshire's Cat 1 responders. It presents delegates with a complex scenario that is an identified risk on the Staffordshire Community Risk Register.

Key elements of the exercise are as follows:

- Approx two-hour duration
- 1-2-1 'coaching' style of delivery
- Developed with support of the Air Accident Investigation Branch
- Provides evidence of CPD

A prerequisite of the course is that delegates must have undertaken Exercise IVOR so that they are familiar with the structure and approach of the exercise.

To book Exercise BIG BIRD or to find out more information about it, please contact the CCU Admin Team on 01785 898618 or e-mail [ccu@staffordshirefire.gov.uk](mailto:ccu@staffordshirefire.gov.uk).
